BUILDING DEPARTMENT GUIDELINES FOR SWIMMING POOL INSTALLATION

TO OBTAIN A PERMIT, YOU WILL NEED:

- Completed Building Permit application
- A Plat of Survey showing:
 1. Location of the pool
 2. Distance of the pump and filter from the house
 3. Distance of pool from overhead and underground electrical conductors
- A letter from you homeowners association approving the proposed work
- Copy of any plans from the Contractor

REQUIREMENTS:

- FENCE PROTECTION MUST BE SIX FEET (6') IN HEIGHT.** Either a six foot (6') fence enclosing the yard, or an additional barrier constructed on top of the pool that provides an overall barrier of six feet (6')
- Pool shall be located ten feet (10') from side and rear property lines, shall be located ten feet (10') from home, and can only be placed in the rear yard. Pumps, filters, and pool disinfecting equipment shall be not less than five feet (5') from any side or rear property lines as well as from the principal building
- All ladders shall have the capability of closing and locking, gates shall be self closing/latching
- Pool shall not be located below or within ten feet (10') of overhead electrical conductors, and five feet (5') of underground conductors
- A temporary fence shall be provided while the site is under construction
- No structure of any kind will be allowed in an overland release route
- Displaced soil from construction must not be placed on property line or next to fence due to drainage restrictions

ELECTRICAL:

- No extension cords of any kind will be approved
- A Ground Fault Interrupter receptacle with a direct line to the fuse panel is required
- A Ground Rod attached to the pool pump is required.

INSPECTIONS REQUIRED:

- Notify JULIE at least 2 business days before digging. Call 811 or visit www.illinois1call.com
- Underground electric/gas prior to backfill
- Bonding
- Final inspection to check placement, fencing, general construction, and electrical work

Call 815-467-2151 to schedule inspections. 24 hour notice is required
